##### Special classes last week

The local high school was honored to have as their guests last week, Dr. R. J. Schmidt, of the University of Florida. Dr. Schmidt teaches "Preparation for Marriage" at the University, and is the faculty advisor to the class of 1957. He taught a series of five classes each, to the tenth through the twelfth grades.

The classes covered such subjects as "How to Get Along With Parents," "The Art of Dating," "Understanding Oneself," and "The Difference Between Love and Infatuation." Each class also saw a film entitled "Marriage for Moderns," put out by Henry A. Bouman. Classes were held each night for the adults, covering subjects such as "Understanding Your Teenagers," etc.

Last Friday evening in the gym, a panel was presented, consisting of both teen-agers and parents. Problems of today's youth were discussed.

**Cafeteria Menu**  
Monday, March 23 — Cold cuts, macaroni and cheese, spiced beef, fresh fruit, bread and butter, and milk.

Tuesday, March 23 — Spaghetti with meat sauce, green beans, cole slaw, peanut butter and jelly sandwiches, and milk.

Wednesday, March 30 — Creamed chicken on rice, tossed salad, English peas, ice cream, bread and butter, and milk.

Thursday, March 31 — Hot dogs on buns, buttered potatoes, cabbage, carrot and pineapple salad, fruited jello, and milk.

Friday, April 1, Fish sticks, baked beans, cole slaw, squeezed cups, bread and butter and milk.

#### Prom Time

The annual Junior Senior Prom is scheduled for tonight in the high school gymnasium. The banquet, held for Juniors, Seniors, teachers, and adult guests only, begins at 6:00 p. m. in the old gym. The usual speakers will speak at this time. After the banquet, the boys will dash after their dates, and the whole gang will troop over to the new gym, formal, tux, and all.

The estimate amount spent on the prom decorations, banquet and other things amounted to approximately five hundred dollars. There will be a four piece band from West Palm Beach, under the direction of Bill Murry, and they are scheduled to play from eight to twelve o'clock.

Near the beginning of that time will be held the grand March and other entertainment. As usual the theme of the prom will remain a secret, but parents and other interested persons are welcome to come in for a few minutes and see how it is decorated.

After the dance the Rotary Club is sponsoring a Wing Ding, consisting of a movie and a breakfast later at the country club.

Many thanks from the Junior Class for this courtesy.

### Oseola News

#### By Ruth Griggs

The Ralston, a husband and wife team, have been conducting child evangelism services at the Oseola Nursery each morning this week. Rev. Ralston, who was a Baptist pastor before going into this inter-denominational work, illustrates his talks with magic tricks. Mrs. Ralston uses the flannel-graph very effectively in telling stories. Following the service each evening, they meet with the children who have indicated intention to accept Christ.

The Ralstons were here for a week last year at both Pahokee and Oseola Centers. They spent full time in this work traveling over the country in a house trailer home.

Mr. and Mrs. J. C. Mobbs, Jr. are the happy parents of a 9½ pound daughter born Friday at Belle Glade Hospital.

Mrs. Janie Broughton of Jacksonville is visiting her daughter, Mrs. Robert (Buster) Willis, and family of Oseola, E-4.

The Third Grade Bake Sale last Saturday netted \$14.00 toward the trip to Africa, U.S.A., which they plan to make.

First grade boys made boats in the Nursery Shop; second grade boys made boats and airplanes; third grade boys made drums, cigar box violins, tone bars, and other "musical" instruments for their Third Grade Rhythm Band.

Mr. and Mrs. Arthur Bender of Cape Charles, Va., were visitors in the home of Mr. and Mrs. Louis Butler, 52 Oseola Center last Monday enroute to Miami and Homestead.

### Girl Scout News

### Sorority Features

#### Showboat Party

Members of the Beta Sigma Phi and their guests enjoyed a typical "Showboat" Party at the Municipal Country Club last Friday night. Arriving guests were greeted hilariously as the costumes of each were noted.

A center table held a buffet supper where guests could eat and wander around and take in the evening's entertainment.

One of the liveliest numbers of the show featured a "Can-Can Dance" put on by sorority members Mrs. Robert Bell, Mrs. Nash, Mrs. Grant Averill, Mrs. George Wedgworth, Mrs. Eddie Jones, Mrs. Louis Kirchman and Mrs. Robert Abel.

Other numbers of the show were four talented singers from Pahokee, Chuck Elliott, Eddie Schoppell, Ferris Kinoid and Ronnie Elliott. They gave several vocal selections including "bee-boy" numbers which were immensely enjoyed by the audience.

Miss Glenda Duncan and Miss Diane Slatch of West Palm Beach sang "Old Man River" by Milton Carpenter, accompan-

ied by John Munroe at the piano received much applause. Enjoyed dancing was also enjoyed.

Mrs. Robert Orcutt, guest of Mrs. Howard Payne and Frank Anderson were winners for the most appropriate costumes.

"Pop" Lord won a game prize. Present were Mr. and Mrs. Frank Anderson, Mr. and Mrs. Robert Abel, Mr. and Mrs. R. T. Bell, Mr. and Mrs. Grant Averill, Mr. and Mrs. Milton Carpenter, Mr. and Mrs. F. W. ## For Weed-Free Drainage Ditches, Canals, Lakes, Ponds

## use AQUA-SAN

for control of submerged aquatic weeds.

A chemical that kills underwater growth quickly, easily, effectively.

Grows quickly, 48 to 72 hours

Effects last for months

No toxicity to farm lands

No more forking of dead weeds

Easier, cheaper and more effective than dragline or chaining.

#### A State Experiment Station reports:

"The ditcher was completely filled with a dense growth of weeds. The material (Aqua-San) was applied. . . . We have completely controlled this growth."

#### Another State Experiment Station reports:

"... Have used Aqua-San in three different locations and it certainly looks promising for control of submerged weeds. We have not yet tried the Aqua-San in a waterway, but the results are promising."

#### A large grower writes:

"... Aqua-San is all it was recommended to be. The results were so good that we could hardly pump and the results were stopping up. Using Aqua-San as recommended by you showed good results in a very short time."

March might have been the most inconspicuous month in the year if it weren't for its reputation for winds... and the fact that it happened that the 21st of March was taken place at the Community Methodist Church, Belle Glade, Sunday, May 29 at 5 o'clock p. m. The Rev. H. Edward Garrett will perform the ceremony.

## Automatically your best buy!

Ford's five power assists combine to give you more added convenience and extra driving ease than you can get in any other car in Ford's field!

It's great fun to step into a Ford's rich, colorful Luxury Lounge interior... to touch your toe to the gas pedal and feel the masterful might of Trigger-Torque power responding instantly to your every wish. It's fun too, to bask in the admiration aroused everywhere by Ford's Thunderbird-inspired styling.

But, for the ultimate in driving fun and ease, you should try a Ford with Ford's optional power assists: new Speed-Trigger Fordomatic, power steering, brakes, windows and seat. Ford brings you the power assists that combine to do the most for you automatically... so you get the most out of your daily driving!

### Automatic Driving at Its Best

Speed-Trigger Fordomatic Drive has a new, automatic low gear which lets you start in low, shift to intermediate and then into high—all automatically—all while the selector lever is in drive position. It's the only "automatic" in its field that combines the smoothness of a fluid torque converter with the versatility of three automatic forward gears.

### Power to Apply Your Brakes

Ford's Swift Sure Power Brakes do it one-third of the stopping work for you. And there's built-in safety. With power off, you stop your car as easily as though you were using the standard braking system.

### Power to Adjust Your Seat

Ford's 4-Way Power Seat is the only power seat in Ford's field that adjusts "up and down" as well as "forward and back" for most comfortable driving positions. A touch of the conveniently located single seat control does it!

### Power to Lift Your Windows

With Ford Power-Lift Windows you don't need to stop in order to open or close all side windows. Driver can operate all four windows from the master control. And each passenger has a separate control switch for his own window.

And there's Trigger-Torque power to give you more "Go"

LAST SERVICES IN OLD SANCTUARY—

### Sunday Marks Last Services In Old Methodist Church

The vine-covered Community Methodist Church located on Southwest First Avenue, a historic landmark in the Community of Belle Glade will be the scene of special services next Sunday, as the congregation meets to worship for the last time within its sacred walls.

This masonry building was constructed in 1934 and has served in a versatile way as a temple, social hall, dining room,

scout and youth hall. The church was organized in 1919 when Rev. E. L. Housley, a missionary recently returned from the Philippines, came to this area and served as a Methodist pastor in a building erected in 1920, west of the canal at the intersection of what is now 2nd St. and Millboro Rd.

Rev. E. F. Connelly and Rev. John H. Hoch, also served as pastor in this building. During the late summer of 1928 a hurricane destroyed that first meeting house and Rev. J. W. Johnson, the next pastor presided in other buildings offered by the community.

During the pastorate of Rev. J. O. Jameson, who came to Belle Glade in 1933, the present building was constructed. Pastors who have served in it include Rev. L. F. Vanderwater, E. L. Holladay, and the present pastor, H. Edward Garrett.

The Community Methodist is the mother church of the town and for many years people of other denominations made the Community Methodist Church home. As late as 1954 other denominations organized and now the membership is made up of only Methodist.

The present sanctuary will become the dining room and social hall for the church as the congregation moves into the new sanctuary on Palm Sunday, April 1.

The Formal Opening of the new building will be heralded by a Ribbon Cutting Service at 9:30 on Palm Sunday. Members will enter the sanctuary for the first time to worship in the ribbon stretched across the entrance way will be severed by Mr. Vernie A. Boots, a long-time active member and Chairman of the Building Committee of the new building.

Special music, appropriate sermons, historical highlights and testimonies will feature the farewell services in the old building.

# White Glaze CLEAN

With an electric range in your kitchen, your cooking can be spotless, smudgeless and as clean as a pair of white gloves. But that's only one of the marvelous advantages of clean, electric cooking. Ask your neighbor who cooks electrically. She'll probably delight in telling you how her range cooks cleaner, cooler, faster, safer...and cheaper, too. Make your own "white glaze" test and see how smudge-free pots and pans remain. It's a fact, with an electric range your kitchen can be white glaze clean. Isn't it a blessing?

### YOU NEED YOUR CHURCH YOUR CHURCH NEEDS YOU...

There will be a Union Meeting of the Church of Latter Day Saints in Fort Lauderdale on Sunday, March 27.

Record Attendance Five New Members During SB Revival

Rev. John Cooper, pastor of the South Bay Baptist Church, reports last week's revival closed after record attendance from both the congregation and the training union.

Rev. Hugh Beasley of Miami was the visiting evangelist and Rev. Vern Ogleby the song leader.

Five new members will be received into the church as the result of the special services, namely Mr. and Mrs. Sam Pitts, Jacqueline Morris, Fannie Hall and Joyce Mann.

Three candidates who have been waiting will also be taken into full membership, Mr. and Mrs. Merion K. Wright and W. G. Bowen.

"Sin katchee inside, much as a worm in a hickory nut," explains Dr. Roy McClain, whose message "What to do with our Sin" will be heard by the radio audience of The Baptist Hour Sunday at 9 a. m. o'clock.

"The futile ways many people use in an attempt to free themselves are discussed by Dr. McClain in this message."

### Radio Audience To Hear Dr. McClain

### First Baptist News

Revival Services of the First Baptist Church are being well attended. Dr. Malcom Knight is bringing some great messages which will be profitable to everyone who listens.

Elmer Dicken is leading our audience, in singing, in a wonderful way. You will appreciate his solo.

The services are held each evening at 7:30 and will continue through Wednesday, March 30.

Men's Brotherhood The Men's Brotherhood will have breakfast at 7:30 Sunday a. m. in the Recreation Building.

Dr. Knight will speak and Dr. Dicken will sing. Mr. Mills Byrom is chairman of the program committee.

### Fr. O'Preaches On Holy Scriptures

"The Church was making converts for years before a single word of the New Testament was written," said Father Clarence Petrie last Sunday to the congregation of St. John the Apostle Episcopal Church which meets in the Belle Glade Women's Club while its new building is in process of erection.

The Apostles and those whom they ordained had the Jewish Old Testament but no Christian Scriptures. The last New Testament book was finished near the close of the first century. Meaning much of our writing was in circulation. It was the task of the Church to sift the true from the false, a process which took another century. It was not until the third century that the Church accepted all the New Testament writings as we have them today in all the Churches.

## TODAY'S meditation

Read John 18:25-28  
The time comes, when I shall more speak unto you in proverbs, but I shall show you plainly of the Father, (John 18:25.) Persons who reverence God have the abundant life. They possess the blessing John Wesley witnessed when he said, "The best of all is, God is with us." Those possessing this blessing have found way to God, and God has found ways to them through all the daily experiences of life.

Christ can help us to receive revelation for God. The time can come for each of us when Christ no longer speaks to us in figurative language but tells us plainly of the Father. This happens in our lives by walking with Christ each day. We can walk with Him as we read the Bible, go to church, help others, ask His help in overcoming temptations, forgive those who do us wrong or what we have done wrong. In our walk with Him, He may often seem far away. But if we keep walking with Him, He will draw near, as He did to the reverent disciples on the road to Emmaus.

Heavenly Father, we thank Thee for the revelation of Thy wisdom and power in the world about us. For the special revelation of Thy love for us as found in Thy Son, Jesus, we are grateful. May our fellowship with Him help others to come to love and reverence Thee. In Christ's name. Amen.

THOUGHT FOR THE DAY  
Persons who reverence God have abundant life.

Catholic, Anglican, Orthodox, Next Sunday at 9 a. m. the vicar will continue the series of sermons on "The Holy Orders." "The Holy Catholic Church." At 7 p. m. the congregation and its friends will hear the home of the vicar, Mr. and Mrs. E. M. Lively to hear talk on "Holy Orders," the divinely ordained ministry, which in communion with the laity will be illustrated with lantern slides. The public was bound to have the truth." is invited.

SUNDAY SCHOOL LESSON FOR MARCH 27, 1955 — BASED ON THE INTERNATIONAL BIBLE SCHOOL LESSONS FOR CHRISTIAN LIVING. Prepared by Bob Lanier

SUBJECT—The Christian and The Social Order  
PRINTED SCRIPTURE—Matthew 5:13-16; Romans 3:9-10 — 1 Peter 2:12-16

I am inclined to think that a better title for today's lesson would be "THE CHRISTIAN AND THE NEW SOCIAL ORDER," for surely during the past decade the social order of America has changed radically. To say the least, CHRISTIAN LIVING and THE NEW SOCIAL ORDER are by no means compatible, for it is indeed difficult, if not impossible, to live as Christians should and at the same time cooperate, condone and wholeheartedly support the social order of this day. A day and time when during every twenty-four hour period there are more boys from America, the nation where the "LIGHT" shines brightest. Have we failed? If so, then why don't we do something about it? This means me. This means you.

No, we don't have time to train our boys and girls to attend worship regularly. We're too busy. We're too busy during the week and then on the Sabbath day, the TV and radio programs (some of which are absolutely no good) keep us at home. Yes, the SOCIAL ORDER of the day has taken us away from the very thing upon which our nation was founded, CHRISTIANITY. Well, when our American Lighthouse has recently been because of our manifold interest in the SOCIAL ORDER and our lack of interest in the things that are right, and our lack of interest in Christianity, lack of interest in our local government, state government and national government, then we will have no one to blame but "ME AND YOU." Indifference to the CHURCH and our GOVERNMENT can dissipate our heritage and don't let any one tell you that it can't.

What we are doing to correct bad situations existing in our community? Do we vote at election time for whom we think is the candidate that is honest, upright and above reproach? No, many don't vote at all. This lesson is being taught in many churches throughout America today in various cities, towns and communities. Each and every community has a vice problem or an evil situation that could be corrected by a strong band of Christian leaders, but we just don't have the time to do it. Too bad, but true, isn't it?

No, if we are Christians we cannot overlook the Social, political, educational and material needs of our country and this doesn't mean that we have to follow the crowd, but it does mean that we must take an interest for the right thing and exert our efforts accordingly.

The spirit of Christ must enter into the Social Order of the day, but we are told to keep on loving those who seemingly despise us for our stand. Much jibing is in store, but the answer is FAITH. A hard and trying condition for all of us.

### ra. Sullenger Guest Legion Auxiliary

The American Legion Auxiliary had as special guest at their regular meeting Monday night the Legion Hall, the Ninth district President, Mrs. Alice Sullenger of Lake Worth, who gave a talk on the program of the auxiliary and announced that all committee reports be in April 1.

Mrs. Sullenger was accompanied by her sergeant-at-arms, Lois Tanner of West Palm Beach and Mrs. Carl Jurman of Lake Worth.

Poppy corsages were presented to the guests and officers. A supper with all the trimmings was served.

Mrs. Rollin Plank presided over the business session following supper. Three telegrams were authorized to be sent to Senators Smathers and Holland and Representative Paul Rogers stating that the group is in favor of the National Security Training program, reading as follows: "The South Bay Unit No. 161 of the American Legion Auxiliary of 100% is in favor of the National Security Training Bill, Senate Bill No. 2 and House Bill No. 1630." These telegrams have been sent. They were signed by Mary Lou Bowen, Secretary, American Legion Auxiliary, Post No. 161.

It was voted to donate the sum of \$10 to the recently organized Youth Center to be used to purchase games for the week-end Saturday night entertainment.

It was decided to have signs made and posted at the doors of the Legion Hall stating the rules and regulations under which the hall may be used by various organizations and groups.

A nominating committee consisting of Mrs. Mayme Henderson, Mrs. Marjorie Henderson and Mrs. Royne Davis was appointed to present a slate of officers for election at the next meeting.

Friday and Saturday, March 25 and 26 was designated as Poppy Day.

Those attending were Mrs. Winnie Plank, Mrs. Effie Allen, Mrs. Mary Lou Bowen, Mrs.

Marjorie Henderson, Mrs. Royne Davis, Mrs. Bonita Henderson, Mrs. Gladys York, Mrs. Billie Hartline, Mrs. Edna Walker, Mrs. Mayme Henderson, Mrs. Georgia Culbertson.

### Local Legion Group Attend Memorial

Among those attending the second annual 40 and 8 Memorial Service last Sunday at Legion Home in West Palm Beach were: Mr. and Mrs. M. F. Coleman, Mr. and Mrs. J. B. Jones, Mr. and Mrs. Homer Brooks, Mr. and Mrs. Jesse Motes, Mr. and Mrs. Junior Dean of Belle Glade and W. C. Allen and V. A. Henderson of South Bay.

American Legion National Vice Commander, Leonard L. Jackson from Clarks, La., in his memorial talk emphasized the need for more day-to-day Americanism to give real meaning to the services held to honor those who died for this country. Before an estimated 450 persons, he declared that cold monuments of stone or bronze were not enough for the military dead and that there is only one service each person should render them an effort to make and keep America strong, free and brave. He stated that those who died to preserve it as such would appreciate such a memorial.

An impressive Memorial service followed with the unveiling of a replica of the tomb of the Unknown Soldier.

Attending were many of the dignitaries of state and National officers of the American Legion.

### Control Parasites in Cattle By Using Approved Medicine

Florida cattlemen who want to control internal parasites in their animals would do well to use phenothiazine and minor element mixture recommended by the University of Florida Agricultural Extension Station, says Dr. Leonard E. Swanson, parasitologist.

A mixture of phenothiazine and lead arsenate, now being widely promoted in the state, should not be used unless that cattlemen knows definitely that his animals have tapeworms.

The recommended procedure and treatment is contained in Circular S-78, which can be obtained from your county agent or the Agricultural Experiment Station, Gainesville, Florida.

### Producers Lose When Animals Are Injured Enroute To Market

Livestock producers could increase their profits by cutting injuries to animals enroute to market.

This observation is borne out by an analysis by the Farmer Cooperative Service of the U. S. Department of Agriculture of loss and damage to livestock delivered by a number of cooperative shipping associations to three markets.

Most producers seek to protect themselves from losses by insuring their animals for the haul from farm to market. But often they do not realize that the cost of this protection—either through regular insurance or, in the case of cooperatives, through contributions to "sinking funds"—is based upon transit loss experience.

Faulty practices in handling animals result in unnecessarily high charges for insurance protection.

Producers also lose money, the report indicates, through lower prices at the market. Bruise damage not detected until after slaughter represents a loss to the processor, and buyers often discount stock from a producer with a poor record on bruise losses. A producer with such a record may find himself "a last resort" source, to be used only when meat supplies cannot be obtained elsewhere.

The report suggests that transit damages and losses could be cut substantially if livestock producers would: (1) avoid exciting animals before shipment, if possible sorting and assembling in advance, (2) prevent livestock from over-eating or drinking immediately prior to shipment, (3) load animals carefully and unharriedly, using good loading equipment and avoiding use of clubs, whips or canes, and (4) choose a trucker with a low record and insist upon careful handling.

The study revealed that the rate of death and crippling for all classes of livestock rose in proportion to the length of haul, and losses were almost twice as high in winter as in summer.

The Navy's destroyers were originally designed to carry one specific weapon—the torpedo. Their primary mission now is anti-submarine warfare.

Now while your family is growing up, you, too, can

# SAVE ON FAMILY PROTECTION

"The way this family is growing", says Mr. JAB of Jacksonville, Fla., "I was sure glad to hear of Gulf Life's new Preferred Risk protection plan. Now, while we're still young, we can have real family protection! This is the way it works out for me. The plan is available in units of \$10,000 or more. I took one unit. Since I'm 35, I am able to provide this for only about \$17 per month. If anything should happen to me, there are many ways it would pay off for my family. One would be an income of \$179.10 a month for 5 years (a total of \$10,746). Another way would be \$96.10 a month for 10 years (a total of \$11,532). BUT, if I'm still around until I'm 65, it pays me a guaranteed annual income of \$477 or \$39.75 a month."

This new Preferred Risk Plan fits neatly into your present insurance program. That insurance is among your most precious possessions. It can be adapted to your family's changing needs. Your Gulf Life man will be glad to help. Call him. He's at your service.

## Looks like Buick's Biggest Year

It's been happening week after week. More people coming in every day to see, sit in, sample and select the '55 Buick of their choice. More people than ever before in our history.

That's why you see so many new Buicks on the road today. And that's why—to meet this unprecedented popularity—Buick production has been boosted to the highest levels of all time.

### Buick Sales Are Soaring

The simple measure of it all is this: Buick is so "hot" an automobile that it now outsells all other cars in the United States except two of the best-known smaller cars. And for reasons sound, substantial and thrilling.

Buick styling, you see, was never so crisp, clean, distinctive. Buick horsepower was never so high—Buick interiors never so rich—Buick's great ride never so satin-smooth and steady.

But there's something else, too—something vastly different and exciting.

Never before was there any motoring thrill like this

thrill you get from Buick's spectacular new Variable Pitch Dynaflow.

It lets you do what a pilot does—switch the pitch of your driving propellers—one way for gas saving in cruising—another way for instantaneous acceleration and getaway.

Your propellers are inside the Dynaflow unit, spinning in oil. You change their pitch merely by pressure on the gas pedal. You get action that was never in any earth-bound vehicle before.

No wonder we're writing up orders and selling Buicks at a rate that's making this the biggest year in Buick history.

And no wonder—when you see our price tags—that more and more people can afford the price of a new Buick.

For all the way up the line—from the budget-priced SPECIAL to the custom-built ROADMASTER—each Buick is a stand-out buy in its field.

Why not come in for a visit this week and get a down-to-earth look at the hottest Buick in history?

\*Dynaflow Drive is standard on Roadmaster, optional on most Buick models.
